Cindy Tomlinson, MPP
American Society for Radiation Oncology (ASTRO)
251 18th Street South, 8th Floor
Arlington, VA 22202

Dear Ms. Tomlinson:

At the present time, the Radiation Control Program is not planning on any revisions to our regulations, specifically, 105 CMR 120.000: The Control of Radiation. For clarification purposes, the requirement that facilities offering CT services must be ACR accredited, is for those facilities offering diagnostic CT exams and not for facilities using a CT unit for therapy simulation.

Should you have any questions or need assistance, please contact me at (617) 242-3035.

Sincerely,

A handwritten signature in cursive script that reads "John M. Priest, Jr.".

John M. Priest, Jr., Director
Radiation Control Program
