### Priority Point Review Reminder

In preparation for the ASTRO 2019 booth space selection process, exhibitors were sent a breakdown of the priority points that their company earned between August 1, 2017 – July 31, 2018 via email on Thursday, August 30. As your priority point total will determine the time that you select booth space for ASTRO 2019, please review your company's points carefully for accuracy. If you discover what you believe may be a discrepancy in your company's priority points, please notify Martina Raskova in writing at [martina.raskova@spargoinc.com](mailto:martina.raskova@spargoinc.com) by **Friday, September 14, 2018**. We will review your specific request and get back to you prior to your booth selection time being determined.

**Please note that if ASTRO has not been alerted of any priority point discrepancies by Friday, September 14, 2018, your company's priority points total is understood to be correct and your company's booth space selection time will be assigned accordingly. After this deadline, ASTRO is under no obligation to reschedule an exhibitor's appointment time and/or make adjustments to an exhibitor's priority points or booth location.**

For more information about priority points or booth location, visit [ASTRO's website](#). If you did not receive your priority point status, please contact Martina Raskova at [martina.raskova@spargoinc.com](mailto:martina.raskova@spargoinc.com) as soon as possible.
