

GLOBAL ONCOLOGY:
RADIATION THERAPY IN A CHANGING WORLD

[Home](#) | [Key Contacts](#) | [Exhibit Information](#) | [Sponsorship](#)

Thank you for exhibiting at the 2020 ASTRO Annual Meeting, the leading event for the radiation oncology community. We have crafted the most ideal environment to provide you with maximum exposure so can reach your target audience through our new cutting-edge platform. Our top priority is to help you stay connected with our attendees without losing audience engagement or interaction.

We hope that you had the opportunity to participate in one of our Exhibitor Town Hall webinars this week and look forward to speaking with you about the specific details on your company's virtual booth package based on your current exhibit spend to date.

On Monday, June 1, you will receive an email from our Exhibits Management team at SPARGO with your company's phone appointment time. During this call, we will review the details of your current booth package, discuss upgrade options should you wish to take advantage of additional offerings and address any specific questions that your company may have. If you do not receive an email, please contact us at astroexhibits@spargo.com.

Visit our [website](#) for more information about our virtual booth offerings and FAQs.

As always, your support of ASTRO is greatly appreciated. As an exhibitor, your participation is vital to the overall attendee experience and supports ASTRO in our goal to provide the highest quality education for radiation oncology professionals.

Warm regards,
The ASTRO Exhibits Team
