

Register Your Booth Personnel by Thursday, October 15

ASTRO 2020 is just a few weeks away and to ensure that your company’s booth representatives have access to the virtual platform, please register your booth personnel on or before **Thursday, October 15**. On Friday, October 16, all registered exhibitor booth personnel will be uploaded into the virtual platform. We encourage all exhibitors to register their booth personnel by Thursday, October 15, to ensure that your team has immediate access to the virtual platform when it becomes accessible to all exhibitors.

We do understand that you may have changes and cancellations to your booth personnel after this initial upload. After October 15, we will continue to accept changes to your booth personnel via the exhibitor registration website. However, it is important to note that it's a manual process to make changes to your existing representatives, so it will take some time for these changes to be reflected in your booth.

**REGISTER BOOTH
PERSONNEL**

If you have any questions, please contact the ASTRO Registration Center at astroregistration@spargoinc.com.

 **Spotlight**

Booth Dashboard Training

Registration is now open for the Booth Dashboard training sessions! The dates, times, topics and registration links for all three training sessions are now available on the [ASTRO website](#).
