### Rigging Labor

Labor is to be charged on the in and out, and for any resets or show riggers during the show. All riggers must be provided by Encore exclusively to rigging tasks. All rigging calls will include a minimum of two riggers as a safety precaution. Rigging labor calls will be billed at a minimum of 5 hours or more based on the specialized nature of rigging services for the in, out, and any resets. Additional labor standards may apply based on specific needs of request.

### Rigging Plot CAD Safety Review Fee

There will be a charge per request for a comprehensive safety review by our Rigging Coordinator. This review verifies point load calculations, staffing and equipment needs, and CAD support to provide feedback on the initial rigging plot. Initial Review \$155.00 / Additional reviews \$125.00

## Rigging Advance Request

A Rigging Advance Request **MUST** be filled out in order to receive a rigging quote.

**Deadline for rigging submissions is Wednesday, September 28, 2022.**
